

Anisha Gupta

Project Manager | Agile Methodology

Profile

A goal-driven, proactive, and well organised Engineer and Project Manager with over 2+ years of experience is currently seeking an opportunity in the management field to further enhance my skills and knowledge. Additionally, I am confident that my experience and expertise can be effectively leveraged to meet the company's strategic needs.

Work Experience

Project Co-ordinator at Kratikal Tech Pvt Ltd, Noida

Oct 2022 – Present

As a Project Coordinator, I am responsible for overseeing the management of **clients and stakeholders**. My duties include resolving issues and obstacles that may impede the work of developers and designers, ensuring they deliver **high-quality work** that meets client expectations and **deadlines**. Additionally, I work on boosting **team productivity** and oversee the overall **development** of the project my team is working on.

Associate Project Manager at GKM IT Pvt Ltd, Rajasthan

Oct 2021 – Oct 2022

During my time as a manager, I played a key role in developing several components of complex admin panel **dashboards** using React and JavaScript. In addition, I interacted with clients on a daily basis, which was a critical aspect of my responsibilities. As a **supportive** team member, I also assisted my colleagues in achieving their objectives.

Front End Engineer at Clover Bay Technologies Pvt Ltd, Bengaluru

Nov 2020 – Oct 2021

I contributed in the **development** of an **E-commerce website** and its related panels (admin dashboards) using **HTML, CSS, JavaScript, React Js** and Ant design. Also, I have experience in **client interaction** as per the need of the feature requirements.

Education

B.Tech at Uttarakhand Technical University , Dehradun

Aug 2016 - Sep 2020

Computer Science

Internship

Front End Developer at Viewoo Labs Pvt Ltd

Aug 2020 - Oct 2020

I worked in this company as a Front End Developer. I used to create dashboards here using HTML, CSS and Boot Strap, etc.
